

EVERY WORKMAN NEEDS TOOLS TO GET THE JOB DONE

AS STREET PREACHERS OUR FIELD IS ROCKY GROUND AND BEFORE WE CAN PLANT A SEED OR WATER THE SEED, THAT ROCKY GROUND NEEDS WORK. WE MUST FIRST BREAK THAT GROUND, DYNAMITE THE MOUNTAIN, UP ROOT TREES, TURN ROCKS INTO GRAVEL AND CLEAR THE LAND. STREET PREACHING CAN BE AS LOUD AS A CONSTRUCTION SITE. WITH DUMP TRUCKS BEEPING, BIG TRACTORS PUFFING SMOKE, HEAVY DUTY VEHICLES RIDING, JACK HAMMERS POUNDING, BULLDOZERS, BACKHOES AND SKIPLOADERS MOVING AROUND THE HAZARD AREA. NOISEY, WOULD BE AN UNDERSTATEMENT.

THESE SITES ARE PROTECTED BY SIGNS AND BARRICADES

THIS IS A HARD HAT AND SAFETY GLOVE AREA AS TOOLS ARE NEEDED AND THIS WINDOW WILL ASSIST YOU TO TOOLS TO PERFORM YOUR JOB.

GOSPEL BANNERS & SANDWICH SIGNS

Vinyl banners with vinyl letters, different sizes and colors available

<http://www.crytgod.com/banners.html>

CHRISTIAN T-SHIRTS/JACKETS

Long sleeve, short sleeve, hoodies, etc to promote God's Word in boldly public, sorry we do not print Church logos nor the names of religious groups

CHEERLEADER MEGA-PHONES

There will be times where a mega-horn is illegal and you can pull out your 'cheerleader horn' as it is not mechanical, therefore it is NOT amplification. This link provides several sizes

<http://dancecheer.net/cheerleadingmegaphones.html>

or

<http://www.boostersinc.net/ProdDetail.aspx?pid=723>

MEGA-PHONES

For over 30 years, I've tried almost every type of mega-phone out there and the link below would be my choice for the streets. These horns are loud, clear and do not sound mechanical, as they can endure a beating and still work on 8 'C' batteries. I recommend the 35 Watt ER-67S or 45 Watt ER67SW, worth every penny.

<http://www.audiosoundselectronics.com/productsbycategory.aspx?productcategory=68>

This link offers a variety of TRUTH-horns

<http://www.bryansmusic.com/page238.htm>

A tip from your uncle Ruben, there might be events where a shower cap can be placed over your NO-BULL-horn to prevent any liquids from being poured or tossed inside the bell causing a short. This thin plastic cap will not hinder the outgoing message in any way. Also when your TRUTH-horn is not in use, remove the batteries or place a small piece of plastic between the batteries and the contact. This will assist in the life of the batteries.

SAFETY GLASSES

Safety glasses will help prevent beers and other things from hitting your eye when preaching to an unruly crowd. Most hardware stores carry a variety of daytime and night safety glasses. You will pay about 6 dollars to over \$20.00.

LOOSING YOUR VOICE?

Keep a bottle of 'Cayenne Pepper' in your bag and if your voice is gone, gargle with hot water several times and this product can get you back into street preach mode. Just do not swallow and when you spit it out into a sink, avoid the splash back as you do not want this in your eye. And consider drinking a shot of good 'Olive Oil' in the morning, which helps to keep everything lubricated.
