

Ruben Israel; The Movie

This is a film done by Jesse Morrell of Open Air Outreach. This film was done in following Ruben Israel for four days in Los Angeles as one can see the behind the scenes of what happens before we raise our banners and voices.

The documentary is filmed at preaching events, street preaching and countless interviews that will give reason why street preachers do what they do and say what they say.

Grab some popcorn and make sure that beer has root inside, enjoy and get edified
